

## **Archelon Launches iPad Air® Solution Ideal for Mobile Health Initiatives**

*Company to feature the new enclosure design at HIMSS14, Booth 3610*

**San Diego, California – February 17, 2014** – Archelon Enclosures, a leading manufacturer of iPad® and tablet enclosures for the retail, hospitality and healthcare industries, has announced that it will introduce the new iPad Air solution to the healthcare industry at HIMSS14, the HIMSS Annual Conference and Convention from February 23<sup>rd</sup> through 27<sup>th</sup> at the Orange County Convention Center in Orlando, Florida.

HIMSS, the Healthcare Information and Management Systems Society, is a cause-based enterprise that produces health IT education, events, market research and media services worldwide, including their annual conference. Solution providers gather at the convention each year to find new and innovative ways to improve the healthcare landscape.

Archelon's new iPad Air enclosure is custom-designed to fit the tablet's 9.7-inch display and 7.5-millimeter width. The new enclosure employs security and mobility, allowing healthcare professionals to expand the scope of their operations, yet keep patient information safe and secure.

"HIMSS is the perfect platform to show off our new iPad Air enclosure," said Debi Besmer, Managing Partner for Archelon Enclosures. "EMR and mHealth are hot topics in the healthcare industry right now, and Archelon is thrilled to present a product that supports these new, evolving technologies."

The solution is available with wall mount, table top, secure flip and floor stand designs to accommodate to specific needs of any healthcare facility or application. The enclosure includes a lock and key frame that keeps the tablet secure but accessible as needed. Its tri-axial swivel allows movement in multiple planes: up-and-down, side-to-side, as well as landscape and portrait views.

To learn more about the Archelon's mobile POS solutions, visit them at HIMSS14, booth 3610 or [www.archelonenclosures.com](http://www.archelonenclosures.com).
